The Coronavirus (COVID-19) pandemic is a worldwide risk to human health. COVID-19 is highly contagious and has a mortality rate many times greater than the flu. COVID-19 can spread easily and exponentially, and an inherent risk of exposure to COVID-19 exists in any public place where people are present. While people of all ages are vulnerable to COVID-19, persons especially at risk are those with compromised immune systems, underlying health conditions and the elderly. Persons over 65 years of age may be at particular risk. WESTCON considers the safety of all participants at WESTCON events as its top priority. By attending this event in-person, you agree to abide by and engage in certain health-and-safety related conduct while at the event. This includes, but is not limited to, wearing an appropriate face covering at all times in public areas, engaging in appropriate physical distancing, and not attending the event if you are ill or have been recently exposed to COVID-19. By participating in WESTCON activities, you voluntarily assume all risks related to exposure to COVID-19.
